2. Each game will last one hour. No new inning should begin after 50 minutes of play.

### **Fielding Positions**

1. Teams may play all their players in the field, limiting infield players to the following positions with all other players placed in the outfield: P, 1B, 2B, 3B, and SS.
2. Outfielders should be positioned distinctly from infielders, limiting bunching.
3. Players should rotate positions each inning, ensuring no player remains in the same position for more than one consecutive inning.

1. All players present for the game will be added to the batting order.
2. Late arrivals will be added to the end of the batting order.

### **Gameplay**

#### **Batting:**

1. All players will hit from a tee for every at bat.
2. A ball is fair if it passes 10 feet from home plate in fair territory. Players continue to hit off the tee until the ball is fair.
3. Runners may advance on outfield hits until the ball is secured in the infield by either an infielder or pitcher, at which point play is dead. Players more than halfway to a base when the ball is secured will be awarded that base.

4. There is no bunting allowed.

**Outs and Running:**

1. Runners will not lead off, steal, and no infield fly rule applies.
2. Defensive players will aim to achieve outs, but innings continue until all players have batted, regardless of outs.
3. If the defensive team makes an out, the runner may remain on base to continue practicing base running, allowing them to gain a better understanding of proper base running techniques.
